All Batch Formulations are based on a validated Master Manufacturing Record in accordance with subpart H of Title 21 CFR 111. Validation is performed by creating an FTIR signature baseline of 3 unique batches/lots of the formula; all future formulas are tested via FTIR Spectroscopy for conformity to the MMR batch signatures. All baselines are revalidated annually. Copies of the FTIR Signature and Batch Production Record are available upon request.

I certify that the above referenced product has been manufactured by [REDACTED] LLC in accordance with FDA mandated Title 21 CFR Part 111 -current Good Manufacturing Practices in Manufacturing, Packaging, Labeling and Holding Operations for Dietary Supplements; Final Rule.
